NARAYANARAO BHOGAPURAPU

PhD., Geoinformatics (ongoing)

+91 7799577546 ◇ narayanarao.bhogapurapu@gmail.com

PROFILE

My work focuses on the advancements and applicability of Synthetic Aperture Radar (SAR) polarimetric parameters to estimate soil moisture over croplands. In my work, I have devised a novel methodology to estimate soil moisture over croplands solely using dual-pol GRD SAR data. The advantages of this method include continuous monitoring of soil moisture over a larger scale at higher resolutions. Besides, I have also developed a novel methodology to estimate soil moisture using full polarimetric SAR data. On the other hand, monitoring and quantifying vegetation content directly helps in better estimation of soil moisture. In this regard, I have developed different vegetation descriptors for dual-pol GRD SAR data. Besides, these descriptors are also capable of estimating crop biophysical parameters. These techniques are successfully implemented using Amazon Web Services (AWS), Google Earth Engine (GEE) and Google Colaboratory (Google Colab). These novel techniques and strategies might be helpful to develop operational agricultural crop monitoring platforms through the Joint Experiment for Crop Assessment and Monitoring (JECAM) international research network as well as upcoming satellite missions. My career objective is to obtain a researcher position in the field of remote sensing application to agriculture to associate myself with a progressing science and the nation. Besides, I want to put my expertise to the best use for the remote sensing and agricultural community, as well as widening my technical spectrum.

EDUCATION

Ph.D. in Geoinformatics and Natural Resources Engineering 2018 - present
Institute: Indian Institute of Technology Bombay, Mumbai, India.
Thesis title: Soil moisture retrieval over croplands using SAR data
Advisors: Prof. Y.S.Rao & Prof. Avik Bhattacharya
CPI: 9.45/10.0

M.Tech. in Remote sensing and GIS 2016 - 2018
Institute: National Institute of Technology Warangal, India
Thesis title: Subsurface physical parameters sensitivity analysis using GPR modelling and simulations
Advisor: Prof. K. V. Reddy & Mr. D. K. Pandey
CPI: 8.95/10.0

B.E. in Civil Engineering 2012 - 2016
Institute: Andhra University, India
Thesis title: Analysis of multi-storied office building (manual design)
Advisor: Prof. K. Santosh Kumar
CGPA : 8.45/10

Higher secondary (10+2) Science 2005 - 2012
Institute: Andhra University, India
School: Jawahar Navodaya Vidhyalaya, Kiltampalem, India
Marks: 84.8 %

PUBLICATIONS

Google Scholar profile: https://scholar.google.co.in/citations?user=-OryAUsAAAAJ&hl=en
ORCID: https://orcid.org/0000-0002-6496-7283
Citation: 6; h-index: 1; i10-index: 0 (records based on Google scholar 14 May, 2021)

PRODUCT DEVELOPMENT AND TECHNOLOGY TRANSFER

PolSAR tools-QGIS Plugin https://plugins.qgis.org/plugins/polsar_tools/ 2021
Soil moisture estimation code for Dual Polarimetric - EO-browser Custom script contest shortlisted 2019

RESEARCH INTERESTS

- Soil moisture estimation over croplands using PolSAR data
- SAR Polarimetry, Quad and dual polarimetry GRD product
- Crop Monitoring and biophysical parameter estimation
- Big data analytics and cloud based platforms for global agriculture monitoring and soil moisture estimation

TECHNICAL SKILLS

Programming Skill	C | C++ | Python | MATLAB | R | JS
Software and Tools	ArcGIS | QGIS | ERDAS Imagine | ENVI | PolSARPro | SNAP | Git
Drafting and Design Tools	Autocad.
Python packages	GDAL | Rasterio | Geopandas | Spectral | Pandas | PYRAT Scipy | Numpy
Cloud based platforms	Google Earth Engine | Amazon Web services (AWS) | Google cloud platform Multi-Mission Algorithm and Analysis Platform (NASA MAAP)

TEACHING EXPERIENCE

Institute: CSRE, Indian Institute of Technology Bombay, India

Title of course taught	Level: Postgraduate/ Undergraduate	Role: Instructor/ Teaching Assistant (TA)	Year - session
GNR647: Microwave Remote Sensing	Postgraduate	TA	2021 - Spring
GNR617: Image Interpretation Laboratory	Postgraduate	TA	2021 - Spring
GNR647: Microwave Remote Sensing	Postgraduate	TA	2020 - Spring
GNR792: Communications Skills	Postgraduate	TA	2020 - Autumn
GNR617: Image Interpretation Laboratory	Postgraduate	TA	2020 - Autumn
GNR621: Natural Resources: Hydrosphere, Cryosphere and Atmosphere	Postgraduate	TA	2020 - Autumn
GNR401: Remote sensing and Image Processing	Postgraduate	TA	2020 - Autumn

EXPERIENCE

Indian Institute of Technology Bombay | Microwave Remote Sensing Lab, India 2019 - present
Designation: **Research Scholar**

- Soil moisture estimation and crop monitoring using PolSAR data
- Global soil moisture mapping and crop monitoring using GRD SAR data and cloud based platforms

Indian Institute of Technology Bombay | Centre of Studies in Resources Engineering 2019 - present
Designation: **Teaching Assistant**

- Courses involvement:
  GNR647: Microwave Remote Sensing | **GNR805**: Advanced Concepts in Polarimetric SAR Image Analysis | **GNR617**: Image Interpretation Laboratory | **GNR792**: Communications Skills | **GNR621**: Natural Resources: Hydrosphere, Cryosphere and Atmosphere

Masters In-Plant Training July 2017 - May 2018
Designation: **Trainee**
Institute/organization: Space Application center (ISRO), Ahmedabad
Description: Subsurface physical parameters sensitivity analysis using Ground Penetrating Radar modelling and simulations

Summer In-Plant Training 2015
Designation: **Trainee**
Institute/organization: ISCO track sleepers Pvt. ltd.
Description: Railway sleepers manufacturing

FIELD EXPEDITIONS/ CAMAPIGNS

Co-lead the Field Campaign with joint collaboration by MRSLab – IIT Bombay, and APSAC, at JECAM Test site in Andhra Pradesh, India. The aim of this campaign was to collect Crop and Soil parameters in synchronous with Satellite (Radarsat-2, TerraSAR-X, ALOS-2, Sentinel-1A, Sentinel-2) overpasses. Jun 2019 - Dec 2019

AWARDS AND ACHIEVEMENTS

Name of award	Value	Description	Year
Shortlisted as EO-browser Custom script contest 2019	NA	Sentinel-hub and the Copernicus EU Earth Observation programme and the European Space Agency organized EO-browser custom script contest for globally scripting hackathon	2020
Ph.D. Assistantship	₹ 35000/ mo	This competitive fellowship award is provided by the Ministry of Human Resource Development, Government of India	2019 - Present
M.Tech Assistantship	₹ 12500/ mo	This competitive fellowship award is provided by the Ministry of Human Resource Development, Government of India	2016 - 2018
Post-matric Scholarship	₹ 35000/ Ye	This competitive sponsorship award is provided by the Government of Andhra Pradesh, India	2012 - 2016

SYNERGISTIC ACTIVITY

Peer Recognition:
